

# HiTEC Touch Sensor H9-TOUCH-SENSOR \$11.49

This sensor detects human touch.

When powered up, the sensor maintains a logic high on the signal output. Once the sensor detects an input, a logic low will be asserted on the signal output.

- Operating voltage: 5 V

- Dimension: 12.9 x 29.0 mm (0.50 x 1.14 in)
- Weight: 7.5 gm (0.264 oz)
- Wire length: 318 mm (12.51 in)
