

Black Wheel for Gear Motor R249-BLACK-GM-WHEEL \$3.50

A simple solution for mounting wheels onto Solarbotics GM series gear motors. It comes with a set of two rubber traction bands.

Dimensions	
Wheel Thickness	6.5 mm (0.25 in)
Wheel Diameter w/o Band	65.5 mm (2.57 in)
Wheel Diameter w/ Band	66.5 mm (2.61 in)

These wheels are designed specifically for the Solarbotics GM series motors and will not fit with standard or continuous rotation servo motors.
