

## 6 ft Trigger Cable R320-TRIGGER-CABLE \$20.00

This cable for the MESA Imaging SR4000 exposes the ability to have external hardware trigger an image acquisition. The use of triggering is useful when using multiple ranggers without being concerned about interference.

### More Details

Each wire is pre-stripped and tinned for convenience.

Wiring		
Pin	Wire Color	Signal
1	Blue	Voltage
2	Black	Trigger In
3	White	Trigger Out
4	Brown	External Ground
